BODY OF MR. HAM TAKEN TO MAINE

Richard M. Ham, who Committed Suicide will be Buried Near his Birthplace. Estate to Conduct Hotel for the Present.

The body of Richard M. Ham, who committed suicide at the Eagle Hotel Friday afternoon by shooting himself in the temple, will be buried at Portland, Maine, his former home. William Rowe, of Washington, a brother of Mrs. Ham, arrived here this morning and is accompanying the body which left here at four o'clock this afternoon. Mrs. Ham is suffering greatly from shock and was unable to take the long trip.

For the present, and until further arrangements can be made, the hotel will be conducted by the estate.

Mr. Ham was the only living son of Mr. and Mrs. George G. Ham who reside in Maine, and are over 80 years of age. He was born in Fayette, Maine, on May 7, 1872 and consequently, at the time of his death, was 41 years and 6 months of age.

As a young man he went to Boston where he engaged in the hotel business. Later he was connected with the Hotel Stockton in Cape May, N. J. From there he went to the Normandie in Washington. When the Bellevue-Stratford was opened in Philadelphia, he became floor manager, a post he held until last April.

Nine years ago he married Miss Eunice Rowe who was at the time attending the Mary Baldwin Seminary at Staunton, Virginia. They have had five children, four of whom are now living. Mrs. Ham's parents are both dead.

The news of Mr. Ham's tragic death was the one topic of conversation in Gettysburg on Friday evening. Though a resident of the town for less than seven months he had made a large number of intimate friends in Gettysburg by whom he was well liked. He was a man widely known throughout the state through his connection with the Bellevue-Stratford Hotel at Philadelphia. Here, as floor manager, he became acquainted with thousands of persons, and of many of them he made friends. He was a general favorite among Philadelphia newspaper men and before leaving that city for Gettysburg last spring he was given a big farewell reception by the newspaper friends and the attaches of the large Philadelphia hotels.

Among his possessions was a book of autographs in which great opera singers, statesmen, distinguished foreign visitors and English dukes had inscribed their names.

During the last decade he was directly in charge of banquets prepared for Presidents Roosevelt and Taft, and hundreds of other prominent men of the state and country.

The last big banquet of which Mr. Ham had charge was that given last spring by the Union League of Philadelphia where President Taft made an address.

TWO INJURED IN AUTO ACCIDENTS

Dr. G. M. Diffenderfer, of Carlisle Badly Cut when Thrown from Machine. Thurmont Woman Injured in Auto Runaway.

Rev. Dr. G. M. Diffenderfer, Mrs. Diffenderfer, Mrs. Diffenderfer's sister, Miss Annie Diehl, and Mr. and Mrs. Harry T. Herman, of Carlisle, all well known here, autoed to Lancaster Thursday in Mr. Herman's car. On the way home in the evening, between Steelton and Harrisburg a mounted policeman shouted to Mr. Herman that his rear end auto lights were out, and that he should light them.

Dr. Diffenderfer opened an auto door and Mr. Herman slowed up, intending to stop in order that the light might again shine. Dr. Diffenderfer's shoe caught in some manner on the step and he fell heavily to the street, cutting an ugly gash in his head. He was dazed for a short time but after the light was adjusted he went home where Dr. Spangler dressed the wound. It bled profusely.

Mrs. Charles R. Beck, of Thurmont, was injured in an automobile accident at Waynesboro. Mr. and Mrs. Beck were going toward Waynesboro and had stopped at the tollgate. The former got out of the touring car to pay toll and while away from the machine it started to run down the incline on the highway at that point. Mrs. Beck did not try to stop the car, but attempted to guide it down the short hill to the level stretch, not far away. In so doing she became excited and lost control of the steering wheel and the machine ran into a telephone pole, throwing Mrs. Beck into a ditch and rendering her unconscious for a time. She was picked up and carried into the house at the tollgate and it was discovered that she was badly bruised and probably has internal injuries. The machine was badly broken.

CELEBRATION WAS GENERAL

Demonstration for Lincoln Highway in which Gettysburg Took Part was General All over the Country. Unique Programs Carried out.

Reports received at the National Headquarters of the Lincoln Highway association indicate that the celebration dedicating the route was most successful and that the estimate that over 2,000 cities, towns and villages would participate was conservative.

There were red fire, bonfires and fireworks, torch light parades, banquets, speeches and mass meetings from New York to San Francisco in each of the thirteen states traversed by the route, and Gettysburg was no asleep. In some of the states the governors proclaimed it a legal holiday. In Indiana from the Ohio state line on the east to the Illinois line on the west the farmers hauled corn cobs and old fence rails and literally blazed the route across the state. There were meetings in Ft. Wayne, Elkhart, South Bend, Valparaiso and other points and in South Bend over 500 cars took part in an automobile parade, the crowds later being addressed by United States Senator Shively, Lieut. Gov. O'Neal, Judge Farbaugh and others.

Omaha had one of the largest celebrations on the route, over 10,000 persons thronging the streets to see the bonfire in front of the city hall. The Union Pacific railroad brought in several car loads of old ties, an oil company donated oil and tar and four bands paraded. The firemen and other civic organizations marched and a mass meeting was held at which Mayor Dahlman presided.

Outside of Omaha in Nebraska the principal points where celebrations held were Central City, Kearney, Grand Island, Columbus and Gothenburg but there were bonfires at several hundred other points. At Kearney there were a dozen bonfires, hundreds of torches flared in the procession and students from the military academy, the public schools and the Industrial School band were in line.

In Council Bluffs, directly across the river from Omaha, at 12:01 a. m. Friday morning every fire bell rang and factory whistle shrieked. This was followed by several bonfires which were kept ablaze until late Friday night.

Nevada took a very prominent part in the celebration. Governor Oddie issued a proclamation declaring it a legal holiday, at the same time calling attention to the fact that Nevada was admitted to the Union on this date, the only state admitted during the presidency of Abraham Lincoln.

At Wooster, Ohio, the Mayor issued a proclamation calling upon the citizens to observe the day, business was suspended at noon and there were a number of competitive events including automobile races for which prizes were offered. In the evening a torchlight parade and a masquerade ball were the principal features.

In California and in Utah celebrations were held at a dozen points. Through Pennsylvania and New Jersey there were many bon fires, banquets, mass meetings and speeches. Many automobile clubs paraded or staged tours over sections of the Lincoln Highway in their immediate neighborhoods.

Reports indicate that at least a third of the thirty-four hundred miles of the Lincoln Highway has already been marked with the copyrighted insignia of the organization. This consists of a red, white and blue band around the telegraph poles carrying the large "L" and the words "Lincoln Highway." It is believed that 80 per cent. of the route will be marked before the first of the year.

MEXICO PREPARES FOR WAR WITH U.S.

Cabinet Backs Huerta in Refusal to Step Aside.

JOHN LIND BACK IN CAPITAL

Southern Republic Plans to Increase Army to 500,000, Expecting All Nations Will Join Against Invasion.

Mexico City, Mex., Nov. 8.—The Mexican cabinet, it is declared here, has decided to support General Huerta unqualifiedly in defiance of the American demand that he give up the provisional presidency and to prepare for war with the United States.

Huerta's formal negative reply to the United States' demands will set forth that the United States has no right, legal or otherwise, to demand Huerta's elimination. This statement was given out from one of the departments of the Mexican government.

This reply, it is said, will also point out that Provisional President Huerta has no legal right to accede to the demands.

The informant says it was decided to incorporate in the reply a declaration that General Huerta intended to increase the Mexican army to 500,000 men.

A meeting of the cabinet was held. When the meeting ended those who attended refused to divulge what action had been taken. Later the following information was obtained from a cabinet minister:

The insistence of the United States that Huerta resign was fully discussed. It was recognized that his refusal to abandon his office probably would result in armed intervention by the American government. The cabinet nevertheless decided unanimously to support Huerta in refusing to resign, regardless of consequences.

After a long consideration it was decided to delay the final answer to the Washington government as long as possible. This delay will enable Huerta to make more complete preparations for war.

Almost every one in government circles believes the two nations are on the brink of war. The clash is expected to come within a month, and there is every evidence that Huerta is collecting troops in expectation of that eventuality.

Rumors are circulating that Sir Lionel Carden, the British minister, has assured Huerta that England will never endorse intervention by the United States. The reports say that this pledge and an intimation that Great Britain will act to prevent an invasion, influenced Huerta greatly in his attitude of defiance.

John Lind, President Wilson's personal representative, who unexpectedly left Vera Cruz, arrived in Mexico City, accompanied by Captain W. A. Burnside, military attaché of the United States embassy, and Ensign John L. Hill, of the Louisiana, detailed by Rear Admiral Fletcher as his aide.

Lind proceeded to the embassy, where he will reside during his visit. Both he and Nelson O'Shaughnessy, the charge d'affaires, were inaccessible and no light could be thrown on Lind's purpose by government officials.

O'Shaughnessy said: "I have presented no written communication for the settlement of the international situation, neither have I made any demands, either official or unofficial, on General Huerta or the Mexican government."

Huerta does not believe President Wilson has the support of the European powers in his policy. He also is convinced that Mexicans will forget their quarrels and support him against the United States, believing that intervention will be only a step toward conquest.

Most Mexicans believe that the conquest of Mexico is, and has been for years, a topic of conversation in every household from Boston to Tacoma, and that an Anglo-Saxon North and Central America, as the "manifest destiny" of the republic, is the ultimate aim of American policy.

U. S. OFFICIALS SILENT

Cabinet Members Would Not Comment on Huerta's Defiance.

Washington, Nov. 8.—John Lind's sudden return to Mexico City from Vera Cruz is understood here to have been without direct orders from Washington, but in line with the general instructions under which he has been enjoying the greatest freedom of movement.

This latest development in the Mexican situation was surrounded by a secrecy in Washington. It was pointed out as probable that he may be acting upon a belief that important developments may be expected immediately.

When the cabinet meeting broke up the members were shown news dispatches from Mexico City saying that Huerta's formal reply would be a complete denial of the right of the United States to demand his retirement, but without exception none would comment. All admitted that the Mexican situation had been discussed, but silence was the rule.

DIAZ IS ARRESTED AFTER BEING STABBED

Slightly Wounded in Altercation in Havana.

Havana, Nov. 8.—General Felix Diaz, who was stabbed by Mexican assassins here, was arrested upon the charge of shooting Pedro Guerrero, one of his assassins.

The police allege that Diaz, after shooting Guerrero and seriously wounding him, handed the revolver to one of his companions. Guerrero is said to be the man who stabbed Diaz in the neck.

Emeterio De La Garza, formerly in the diplomatic service of Mexico and the charge d'affaires of the Mexican legation, protested to the Cuban government because Diaz and his friend were arrested.

Diaz was seated in a park seat in the Malecon with a fellow refugee, Cecilio Ocon, and Luis Malda, manager of the street car lines of Mexico City, when five Mexicans, among them Guerrero, passed the Diaz party.

Diaz is said to have made some unpleasant remarks about the followers of Carranza, whereupon Guerrero went to the sea wall, where other Mexicans were seated, and informed them of Diaz's alleged insult. The entire group came back to where Diaz and his friends were conversing and hot words were exchanged.

Guerrero sprang to Diaz with a knife and wounded him. The two struggled for a moment together, when a policeman seized Guerrero by the shoulders, some one drew a revolver and fired, the bullet striking Guerrero.

The police succeeded in arresting three Mexicans. All were placed in coaches and taken to the Emergency hospital, where the wounds of Diaz and Guerrero were dressed. Besides two stab wounds in the neck Diaz received various bruises from canes.

REVERSAL AS TO REGIONAL BANKS

Currency Committee Decides to Reconsider Reduction.

CAUCUS THREAT RENEWED

Two Democrats and a Republican Go to Wilson's Side — Other Amendments Adopted.

Washington, Nov. 8.—An entire new line-up in the senate banking and currency committee, with a majority behind the administration, appeared when, by a vote of 7 to 5, the committee reconsidered its action reducing the number of regional reserve banks to four.

Senators Reed and O'Gorman, Democrats, who had been voting against the administration proposals, cast their votes with the other Democrats. Senator Hitchcock, Democrat, held out, but Senator Crawford, Republican, joined the administration forces, and the question was reopened.

Whether the new line-up would hold through the vote on the resolution for seven regional reserve banks was left in doubt.

The administration won another point when the committee voted to retain on the federal reserve board as an ex-officio member the secretary of the treasury.

All of the amendments so far adopted have been tentative only, and it was believed that if this line-up held all those amendments would be reconsidered and made more acceptable to President Wilson.

Earlier the Democratic leaders had decided that, unless a bill meeting the approval of the president is ready by next Monday, a caucus will be called, the measures taken from the hands of the committee and made a party bill.

Senators Owen, the chairman; Hollis, Pomerene and Shafroth, who have stood steadfastly by the provisions of the Glass-Owen bill as it passed the house, in the face of overwhelming votes of the coalition, will prepare a report which embodies the principles of the administration bill, no difference what the action of the Democratic-Republican combination in control may be.

After this report is completed it will be submitted to the other Democrats on the committee. Senators Reed, O'Gorman and Hitchcock, who have consistently voted with the Republicans, if these three Democrats, or two of them, decline to support the administration bill in the face of strong pressure from the White House, the caucus call is expected to go forth.

Enough Democratic senators have petitioned Senator Kern, the majority leader, to call a party conference to insure such a meeting. Kern has notified all absentees to return to Washington.

The committee made further important changes in the administration currency bill, but these may be reconsidered and the decision reversed.

It decided 2 to 1 to strike the words "or lawful money" from the bill wherever they occur, thus making the reserve requirements solely of gold.

Four Democrats voted to retain the words "or lawful money." They were the chairman, Senator Owen, and Senators Hollis, Pomerene and Shafroth. These four by repeated votes in support of the features of the house bill have come to be known as the administration senators in the committee.

These words have been the ground of much complaint from the bankers of the country.

800 GLASS WORKERS STRIKE

Girls Lead in Picketing Plant Where Blower Was Discharged.

Wheeling, W. Va., Nov. 8.—Eight hundred employees of the Fostoria Glass works, the largest plant of its kind in the country, went on strike at Moundsville because the company refused to reinstate Elmer Bennington, a blower, who the men declare was discharged unfairly.

One hundred girls are involved in the strike. They have taken an active part in picketing the plant of the glass company.

Father Shoots Son.

Lancaster, Pa., Nov. 8.—While Harry Eshleman, a farmer of Manor township, was shooting at a rabbit, he accidentally shot his son, seventeen years old, who was sitting on a fence. Part of the load entered his chest, causing a serious wound. Lightly Glick, also of Manor township, was accidentally shot while sitting on a fence, one of a party of gunners taking aim at a rabbit that jumped up near Glick.

Eggs 60c. a Dozen in New York.

New York, Nov. 8.—Fresh eggs of the best quality were quoted at 60 cents a dozen in the produce markets. The indications were that the price would jump from three to five cents a dozen, and that by the first of next week housekeepers who want newly-laid eggs would have to pay the retail dealers from six to seven cents each for them.

Mine Strike Ended.

Wilkes-Barre, Pa., Nov. 8.—The strike of 2500 men and boys at the two collieries of the Susquehanna Coal company, at Nanticoke, was declared off when sixty-eight non-union men expressed a willingness to join the United Mine Workers of America.

M'COMBS WEDS IN LONDON

Democratic National Chairman Marries Miss Dorothy Williams.

London, Nov. 8.—William F. McCombs, chairman of the national Democratic committee and manager of President Wilson's campaign, was married here to Miss Dorothy Williams, of Washington, daughter of Colonel John R. Williams, U. S. A., retired. The ceremony took place in the Catholic church of St. Peter and St. Edward.

Mr. McCombs had been ill for about six months, and up to the eve of the wedding it was doubtful whether his health would permit the ceremony. Charles W. Halsey, an old classmate of Mr. McCombs at Princeton, was best man.

The marriage was performed by Rev. Father Vaughan, of London, who is well known in the United States. The marriage was the outcome of a romance which began with the inauguration of President Wilson in Washington. It was there that Miss Williams and Mr. McCombs met.

President Wilson has been urging Mr. McCombs to become ambassador to France, and it is understood that he will accept.

SETTLE BIG STRIKE IN INDIANAPOLIS

Men to Resume Work at Once Pending Arbitration.

Indianapolis, Ind., Nov. 8. — The strike of the employees of the Indianapolis Traction and Terminal company was settled through the efforts of Governor Samuel M. Ralston.

The employees won their demand for arbitration, but nothing is said about recognition of the union in the terms of settlement.

Street car service is to be resumed within twelve hours, according to the terms of the settlement, which also provide against any further interference with the operation of cars.

All the men who were in the employ of the company on Friday night, Oct. 31, when the strike was called, and all employees who had been discharged on account of joining the union, are to be reinstated by the company with full seniority rights and without prejudice.

Disputes and grievances as to the wages, hours, conditions and service will be referred to the utilities commission for arbitration if the company and employees fail to reach a mutual agreement within ten days. The company must take up these grievances with its employees within five days after the resumption of service. The utilities commission, by the terms of settlement, must render a decision, which shall be binding on all parties interested for three years, and shall relate back to the resumption of work, within thirty days from the date of the first hearing.

HE LIKES PRISON LIFE

Russian Delies Authorities and Refuses to Pay Fine.

Reading, Pa., Nov. 8.—The Russian consuls of Philadelphia and New York have declined to aid the authorities of Berks county to deport John Baly, now in the Berks county prison, on the ground that any man who has \$1200 in a Philadelphia bank is not a pauper.

Baly was sent to jail eighteen months ago because he refused to pay the costs in a trivial case against him. He imagined he could collect \$1.50 per day from the county for illegal imprisonment. However, he is stubborn and refuses to pay to gain his freedom.

Baly is a philosopher, unmarried, says he likes the board, the labor is light and he may conclude to remain another eighteen months. The authorities fear to set a precedent by freeing a man who has money and who refuses to pay a fine and costs.

JOHN K. TENER.

Governor of Pennsylvania, Who May Head National League.

TO OFFER TENER JOB AS BASE BALL CHIEF

Believed He Will Accept National League Presidency.

Philadelphia, Nov. 8.—Governor John K. Tener, of Pennsylvania, will be the next president of the National League of Base Ball Clubs.

This is the unofficial announcement, and it bears all the earmarks of being correct. Governor Tener when he was asked by a newspaper correspondent if he would accept the presidency of the major base ball league, replied: "No offer of the presidency of the National league has been made to me, and until an offer is made I will have nothing further to say. I am in no sense a candidate."

All of this is true. No offer of the presidency has been made to the governor, and he isn't a candidate, but he has been sounded and the offer of the presidency will be made to him next week, and the governor will not decline. At least this is the talk in base ball circles and among those who profess to know.

William F. Baker, president of the Phillies, is responsible for the Tener campaign. Mr. Baker waited on Governor Tener some two weeks ago to ascertain the governor's feelings in the matter, and now that he has the pledges of six clubs to vote for the governor he will offer the presidency to Mr. Tener some day within the very near future. Mr. Baker is awaiting word from the other two club owners before putting the proposition up to the governor flatly.

Tener's salary, it is said, would be \$25,000 a year and his term would be for five years. President Johnson, of the American league, gets this salary now and has a twenty-year contract. President Lynch, of the National, gets \$3000 a year and has a one-year contract.

ROLAND MOLINEAUX TO WED

Man, Once Occupant of Death House, to Marry a Secretary.

New York, Nov. 8.—Roland B. Molineaux, once an inmate of the death house at Sing Sing, but finally acquitted after a retrial on the charge of murdering Mrs. Katherine J. Adams with poison, applied for a marriage license.

The bride-to-be is Miss Margaret Connell, who said she was a secretary, twenty-eight years old. Molineaux is forty-seven years old.

The clerk refused to grant the marriage license until Molineaux produced a copy of the decree of divorce which his former wife, Blanche Chesbrough Molineaux, who figured in his murder trials, obtained from him in South Dakota in 1902.

FORBID MERGING OF COURTS

Supreme Court Declares Act Unconstitutional.

CAN ONLY CHANGE POWERS

Decision Holds That Court Can Only Be Abolished by a Constitutional Amendment.

Philadelphia, Nov. 8.—It was not an unexpected disappointment to the supporters of the act of June 11, 1913, consolidating the five common pleas courts here, when it was declared unconstitutional in an opinion handed down at Pittsburgh by Judge J. Hay Brown in the superior court.

Even the most sanguine of them almost had lost hope when the five judges act was declared unconstitutional.

Judge Brown based his opinion upon the construction of the fourth and sixth sections of article five of the constitution, holding that by these sections the legislation in question is forbidden. It is further held that the jurisdiction and powers of these courts alone may be changed, but that the act of June 11, 1913, wipes them out of existence and substitutes for these five constitutional courts, one legislative court. Judge Brown said:

"Courts established by the constitution can be abolished only by an amendment to the constitution, and until they are so abolished, their existence is safe from legislative interference, which is limited to action relating solely to their jurisdiction and power. The act violates the constitution clearly, palpably, plainly and in such manner as to leave no doubt or hesitation in our minds. The demurrer is overruled, but we will not direct the issuance of the writ prayed for, for each respondent now knows that he will continue to be a judge of distinct and separate court of common pleas in and for the county of Philadelphia."

Former Judge Theodore F. Jenkins, a member of the law committee, who took a large part in framing the bill, said:

"I don't agree with the court. I believe that the five judges act and the consolidation act were constitutional. However, the supreme court, which is the tribunal of final resort, has declared that they were not, and the consolidation now can be effected only through a constitutional amendment."

"Since the supreme court decided that the five judges act was unconstitutional the opinion necessarily followed. I had hopes that it would be decided that the consolidation act was constitutional until after the opinion on the five judges act was handed down."

The question of the constitutionality of the act was brought to the court by Samuel C. Bachman in a petition asking that Judges Charles B. McMichael, William C. Ferguson and Howard K. Davis, of common pleas court No. 3, exercise exclusive jurisdiction in a case led by him before the passage of the consolidation bill.

U. OF P. HAS 6549 STUDENTS

Enrollment This Year Shows Increase of More Than 1000.

Philadelphia, Nov. 8.—Provost E. F. Smith, of the University of Pennsylvania, announced the enrollment in all departments of the university for the sessions of 1913-1914, which this year reaches a total of 6549.

Allowing for duplications, he stated, which arise from the fact that the same students in some instances are registered in more than one department, leaves a net registration of at least 6347, or an increase of 1060 over the enrollment of the preceding year. This is by far the largest percentage of increase ever reached at the university. Nearly all departments share in this gain.

TRIES TO BURN GIRL ALIVE

Domestic's Assaultant Pour Oil on Her Clothing and Place Her Near Fire.

Chicago, Nov. 8.—Gertrude Hanson, a sixteen-year-old servant employed in the home of Otto Johnson, was found bound and gagged amid burning rubbish in the basement of the house.

The girl had been attacked and the perpetrator had taken desperate measures to conceal his crime. Miss Hanson's clothing had been saturated with kerosene and papers and other rubbish nearby set on fire. The smoke attracted neighbors, who rescued the girl.

Woman and Man in Revolver Duel.

Washington, Nov. 8.—Mrs. William F. Hutton, of Linden, Md., was wounded four times and Thomas J. Garrett, an employee of the Southern railway, was perhaps fatally wounded when they found a revolver dueling in Mrs. Hutton's home. The woman says she tried to kill Garrett to keep him from killing her.

Negro Lynched by Mob.

Nashville, Tenn., Nov. 8.—A mob smashed in the doors of the Dyersburg jail, removed John Tally, a negro, aged eighteen years, and lynched him in the court house yard. The negro was accused of an attempted attack on a white woman, and after his arrest was identified.

Stopped By Hyomei

Just as long as you have catarrh, your head will be stopped up, your nose will itch, your breath will be foul, you will hawk and snuffle, you will have droppings in the throat and that choked up feeling in the morning. The germs of catarrh have you in their power; they are continually irritating the membrane of your nose and throat. You must kill these loathsome germs or their desperate assaults will in time leave you a physical wreck. There is one remedy sold by People's Drug Store that is guaranteed to kill the germs and stop catarrh, or money back. It is Hyomei—you breathe it. The complete outfit costs \$1.00. DON'T KNOW THEY HAVE APPENDICITIS

Many Gettysburg people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. H. C. Landau, druggist, states if these people will try A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler's-Ika, the remedy which became famous by curing appendicitis, they will be surprised at the INSTANT benefit.

Ely's Cream Balm Opens Clogged

Nostrils And Head--Catarrh Goes

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head of catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

FUNKHOUSER & SACH
The Home Of Fine Clothes

C. Monney, a farmer living near Oneida, N. Y., is reported to have developed a variety of potatoes that are practically without tops. They had few eyes to start with and for the past two years he has planted only those tubers which had practically no eyes. Only a few sprouts appear, but notwithstanding this variety is said to yield as well as others having large tops. The advantage of this variety, if there is any truth in the report at all, would seem to lie in freedom from danger of frost and damage by bugs.

The Pennsylvania department of agriculture has been investigating a new method of combating the San Jose scale by means of a parasite which is said to destroy it. The parasite was discovered by Dr. J. S. Grim, instructor in the Keystone State normal college, who notified Professor Surface, state geologist. The latter propagated the parasite and found that it destroyed the scale insects. If the new method can be applied on a commercial scale it would mean the saving of millions of dollars to the fruit growers of the country.
